

Level 5: Advanced Whitewater Kayaking Instructor Criteria

Course Overview

Fundamentally, participants are expected to have the paddling skills, technical knowledge, rescue ability, teaching ability, group management, and interpersonal skills commensurate with this level of certification prior to presenting themselves for evaluation as Instructor Candidates at an Instructor Certification Course (IDW, ICE, or ICW).

Course Prerequisites

- Demonstrate general knowledge of the purpose and significance of the [ACA Essential Eligibility Criteria \(EEC\)](#).
- Be a current ACA member
- Understands and acts in accordance with [ACA's Code of Conduct](#)
- Completion of the appropriate level skills course, assessment course, or equivalent skills
- Be a currently certified ACA Level 4: Whitewater Kayaking Instructor
- Have taught and successfully reported at least two Level 4: Whitewater Kayaking skills or assessment courses
- Completion of an ACA Level 4: Swiftwater Rescue skills or assessment course (or higher)
- Given the common remoteness of this course venue, Wilderness First Responder (WFR) or Wilderness First Aid (WFA) certification is strongly suggested

Course Duration

Combined Instructor Development Workshop (IDW) and Instructor Certification Exam (ICE) - minimum 2 days (16 hours).

Course Location / Accessible Venues

Sections of rivers rated class III-IV, in rapids where precise maneuvering in current is required to avoid obstacles. *A rapid class includes rapids at the lower and upper ends of the difficulty range, designated "-" and "+" respectively.*

Course Size

3 Participants : 1 Instructor; with an additional qualified assistant, the ratio can be 6 : 2. The maximum number of participants permitted is 6.

For additional details, see [SEIC Policy Manual Chapter 6](#).

Instructor Trainer

This certification course may be offered by Level 5: Whitewater Kayaking ACA Instructor Trainers or Instructor Trainer Educators.

General Requirements for all ACA Certification Candidates

- Be at least 18 years old
- Demonstrate general knowledge of [ACA Diversity, Equity, and Inclusion \(DEI\) initiatives](#)
- Successfully complete an Instructor Certification Workshop (combined ICW or IDW and ICE)
- Upon successful completion, register with the [Safety Education and Instruction Council](#)
- Have and maintain venue-appropriate first aid and age-appropriate CPR
- Demonstrate a general knowledge of paddlesports and the ACA
- Demonstrate the ability to appropriately perform, model, and teach all of the material contained within the official ACA skills course and assessment course outlines corresponding to their level of certification and all levels below, if applicable
- Demonstrate the ability to appropriately perform, model, and teach all of the following material, unassisted, in the appropriate venue
- Demonstrate the ability to appropriately perform, model, and teach all of the material contained within the official ACA skills course and assessment course outlines corresponding to their level of certification and all levels below, if applicable.

Certification Maintenance Requirements

- Teach a minimum of two courses that meet ACA standards within the four-year certification period and properly report the courses using the ACA [Course Management System \(CMS\)](#). At least one course must be at their highest level of certification
- Complete an Instructor Update, at the highest level of certification, during the four-year certification period
- Maintain ACA membership and SEIC registration annually
- Maintain appropriate CPR and First Aid certification for the duration of certification

ACA Level 5: Advanced Whitewater Kayaking Instructor Requirements

Characteristics of an ACA Level 5 Instructor:

- Complete self-control within the course venue, superlative judgment, and excellent group management skills
- Capable of taking every advanced technique apart and only teaching the next phase of a skill as the previous skill progression is mastered
- Is a mentor as well as a teacher; they show a culture, style, and attitude of being on the water more than the specific techniques

- Possesses supreme awareness of the moment, the place, and the responsibility for one's self and the group
- Has a finely honed sense to minimize risks, is highly competent in rescue skills, and possess wise judgment to assess situations and initiate the best rescue response

Demonstrate a knowledge of ACA administrative processes:

- How to register and report a course (with and without insurance)
- An understanding of the ACA Waiver and Release of Liability
- Familiarity with the ACA website and the resources and SEIC policies available

Demonstrate a knowledge of and appropriately model teaching and learning theory:

- Understand multiple methods of teaching and how they impact different learners
- Differentiate instruction targeting different learners
- Use effective teaching methods including appropriate skills progressions when teaching complex skill sets
- Present information effectively, both prepared and impromptu
- Focus on **core principles** rather than specific techniques
- Effective methods of providing feedback

Demonstrate the following:

- Positive interpersonal skills to include all items outlined in the ACA [SEIC Policy Manual](#)
- Appropriate group management skills including leadership and judgment
- Ability to choose an appropriate venue / class site
- Effectively make documented skill assessments

Demonstrate ability to paddle efficiently and comfortably in venue utilizing:

- Boat stability (trim, stance, etc.)
- Safe and effective body usage: biomechanics (body, posture, linkage, and rotation)
- Efficient and effective paddle placement for intended maneuver
- Parts of strokes: CPR (catch, power, recovery), static and dynamic

Demonstrate ability to effectively teach and model these paddling strokes and maneuvers:

- Advanced forward paddling techniques and variation, including weighting the kayak (advanced edging)
- Reverse paddling moves and variation, including weighting the kayak
- Advanced turning and spinning, techniques with weighting the kayak
- Advanced draw strokes and sculling draws, stern rudder, compound strokes
- Advanced bracing techniques to avoid capsize
- Boofing techniques – how - why - when

- Advanced river reading knowledge of verticals, hydraulics, and other hazards
- Maneuvering on Class II-IV rapids using various techniques, including but not limited to surfing, attaining, and playing the river with comfort and control.
- Kayak Rolling Instructor Skills
 - Model
 - A safe and effective roll from a non-setup position in class III-IV
 - A roll that emphasizes various components of a roll progression (initiation, body position, timing, and finish)
 - Demonstrate
 - The ability to address and develop underwater comfort beyond a wet exit
 - The ability to coach and teach at least two different methods to roll a kayak that are repeatable and minimize the risk of injury
 - The ability to evaluate and troubleshoot students' rolls in the environment, providing cues for self-directed practice
 - Refer to Rolling Endorsement for more detail

Demonstrate the ability to teach and model safety and rescue techniques and concepts effectively, and as appropriate to craft.

- Use the [ACA River Safety & Rescue Terminology Handbook](#) to:
 - Identify and explain key safety and rescue skills in this curriculum
- Principles of Rescue
 - Use of safe rescue strategies such as T-RETHROG (Talk, Reach, Throw, Row, Go)
 - Rescue priorities: people, kayak, paddle, gear
 - Responsibilities of: rescuer, group, swimmers
- Pinned craft, unpinning concepts including shore based

Demonstrate the ability to teach and model swimming and wading techniques and concepts effectively.

- Understand the risks associated with standing and walking in the types of environments mentioned above (including entanglement and environmental hazards)
- Strategies to minimize risk of foot entrapment
- Strengths, limitations, advantages, disadvantages, and risks of wading techniques
- Actively participate in scenarios that apply wading skills for rescues
- Wading applications for foot/kayak entrapments
- Defensive and aggressive swimming positions, and transitions
- Techniques for successful exits from current to eddies
- Self-rescue: swimming with equipment

- Strategies to conserve energy
- Swiftwater entries: in and out of water starting position
- Techniques for successful downstream swim of a rapid
- Swimming techniques for: waves, hydraulics, and drops
- Strategies for managing strainers in the appropriate venue

Demonstrate the ability to teach and model kayak-based rescue techniques and concepts effectively, and as appropriate to craft.

- Advantages and disadvantages during rescues of various kayaks (e.g., play boats, creek boats, inflatable kayaks)
- Calmly exit the kayak after capsize, using proper body position and contact with the kayak and paddle. When exiting the kayak with a spray skirt after capsize, must be modeled two ways: (1) utilizing the spray skirt grab loop and (2) releasing the spray skirt off the hip.
- Paddle recovery options
- Strategies for kayak recovery
- Swimmer tow options
- Swimmer re-entry / re-mount techniques (e.g., stern entry, heel hook, rescue sling, paddle float)
- Kayak bumping / bulldozing
- Kayak towing
- Kayak specific rescues (e.g., boat over boat, boat to boat, scoop)
- Unresponsive paddler rescue
- Emptying water from kayak (e.g., on-shore, bailers, pumps)

Demonstrate the ability to teach and model throw rope techniques and concepts effectively.

- Throwing techniques
- Receiving techniques
- Belaying techniques
- Rope management and safety strategies
- Rope coiling methods and throwing techniques

Demonstrate solid knowledge of and ability to effectively teach the material listed below:

- Overall knowledge of paddle sports
- Safety issues and hazards of river kayaking (American Whitewater Safety Code)
- River features and hazards and how to use and or avoid them
- Advanced river running strategies including scouting and group management on the river
- Weather reading conditions important to the river kayaker

- Cold water shock, hypothermia and hyperthermia; prevention and treatment
- River signaling: hand, paddle, whistle considering possible L5 venue
- Maps, guide books and value of local knowledge for trip planning
- Developing a float plan for a class 4 river trip
- Trip and class planning considerations for day and multi-day river trips
- Kayak designs and uses including river running, play boating, and creeking
- Whitewater kayak outfitting for all types, e.g. creeking and playboating
- Kayak paddle types, fit, and design

Notes:

An ACA Level 5: Advanced Whitewater Kayaking Instructor is expected to be able to demonstrate and teach everything on the Level 5: Skills Course and Level 5: Skills Assessment for their craft.
